

## A Note From Our Sommelier

“I have always had a great passion for food and drink, but it was whilst training under one of the UK’s greatest sommeliers and Master of Wine, Gerard Basset, when I really developed my love of the grape. Wine is part of my life. I have won a number of national and European competitions and I regularly provide advice and commentary on all aspects of the world of wine, including writing a weekly newspaper column.

The wine list at the Cromwell Arms has been carefully sourced from the world’s best-known and more interesting wines. After extensive tasting, we have a great selection for you to enjoy, some that are picked to match our style of food other that are just great to drink and savour. Our selection ranges from great classics to more unusual wines and we also feature specially selected wines of the week. Whether you’re a novice or wine buff, our sensible pricing strategy makes our wine list really accessible and we hope you will be tempted to discover the delights of the vine at The Cromwell Arms”

Cheers! Mark Walter
